

BLOSSOM SCHOOL
PRESENTS
VIRTUAL SCIENCE EXHIBITION
(2020 – 2021)

Dear Parents,

Greeting of the Day!

Entrepreneurship allows students to learn more than just their chosen field of study and creates an interdisciplinary environment to work and develop in especially at the time of pandemic where school-home collaboration plays a vital ingredient. You all are already aware that the foundations of scientific mind and thought are laid during the formative years of school education.

Dear children we know very well that you all are known to be naturally curious to know and learn and you all will construct new knowledge on the basis of variety of active learning experiences provided to you by your respective teachers under parents supervision.

With the objective of providing such learning experiences and in order to promote creativity and innovativeness in learners, Blossom School has been organizing “ SCHOOL LEVEL VIRTUAL SCIENCE EXHIBITION” .

The virtual event are to be organized in the first week of November i.e 3rd Nov to 7th Nov.

The main theme and sub-theme which is based on syllabus taught for the virtual science exhibition are as follows:
